PREFACE

As the Minister of Basic and Secondary Education, I am happy to announce the release of the 2024/2025 Education Statistics, a vital component of our unwavering commitment to monitoring and evaluating the progress of our Education Sector Strategic Plan 2016-2030. This comprehensive report offers detailed insights into the current state of education, serving as an invaluable resource for evidence-based planning and policymaking.

These statistics will play a crucial role in tracking our progress toward achieving the educational goals outlined in the Recovery-Focused National Development Plan (RF-NDP) 2023-2027 and Sustainable Development Goal 4.

I encourage all stakeholders, including the Ministry's Senior Management Team, the Local Education Group, School Leaders, Development Partners, and the public to actively engage with this data. By doing so, we can collectively strengthen our education system and enhance the delivery of education services in The Gambia, paving the way for a brighter future for our children.

I would also like to express my heartfelt gratitude to the School Principals, head teachers, and all other stakeholders who contributed to the development of this publication. Your dedication to providing essential data has been instrumental in shaping this comprehensive report.

Thank you all for your unwavering commitment to education and the prosperity of our country. Through our collective efforts, we can continue to make a meaningful difference.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Habibatou Drammeh'.

Honourable Habibatou Drammeh, PhD
Minister of Basic and Secondary Education

FORWARD

This 2025 edition of the Education Statistics report presents a comprehensive overview of the education landscape from Early Childhood Development to Senior Secondary School, spanning the decade from 2014 to 2025. The data encompasses all educational institutions, both public and private, including Madrassahs, and provides insights into access, student participation, progression, completion rates, infrastructure, teaching and learning materials, and human resources.

This publication is the result of collaborative efforts among Headquarter Directorates, Regional Directorates, Development Partners, and Civil Society Organizations, demonstrating the robust monitoring and evaluation framework that underpins our education system. The Yearbook serves as the cornerstone for basic education statistics, informing research, policy analysis, planning, and decision-making.

A key objective of this document is to facilitate the comparison of data across districts and regions, highlighting disparities in essential education indicators such as Gross Enrolment Rate (GER), Net Enrolment Rate (NER), and Completion Rate (CR). This analysis enables targeted interventions for the most vulnerable and underserved populations.

We trust that this publication will provide the government and all stakeholders with a deeper understanding of the multifaceted variables that influence education, complementing other data sources such as household surveys and related studies.

.....
Louis Moses Mendy
PERMANENT SECRETARY

INTRODUCTION

This marks the 12th edition of MoBSE statistical Yearbook, an annual publication that has been consistently released at the end of May each academic year since 2014. The EMIS team, in close collaboration with Head Teachers, Cluster Monitors, and Regional Education Officers, has worked diligently to compile the data presented in this report. All information is gathered and processed in line with both national and international standards. The preparation process includes the use of customized data collection tools, thorough checks for consistency, and internal reviews before this final release. Population data and projections from GBoS are also used to compute some indicators to strengthen the report's accuracy and relevancy.

A continuous improvement in this edition is the inclusion of data based on the updated education regional boundaries, which now reflect the eight existing regions. This update provides a clearer picture of education trends in each region and highlights the unique characteristics of every area. As a result, the publication has expanded in volume to accommodate this more detailed and comprehensive data.

The Yearbook opens with five introductory sections: a Preface by the Honourable Minister, a Foreword from the Permanent Secretary, an overview of the Structure of the Education System, a description of the Methodology used, and a Glossary of commonly used terms. The main content is organized into five sections covering Early Childhood Care and Development, Early Childhood Education, Lower Basic Education, Upper Basic Education, and Senior Secondary Education. The full report is available online at: <http://www.edugambia.gm/data-area/publications/year-book-2025.html>.

To ensure wide accessibility, we share this report through various channels, including the Ministry's website and email distribution lists such as the CCM mailing list. We value your feedback and invite you to send any comments or suggestions for improving future editions of the Yearbook to: info.emis@edugambia.gm.

We sincerely thank the management and entire staff of the Ministry of Basic and Secondary Education, especially the senior management leadership for the dedicated support to ensure sector data availability for evidence-based Planning and Decision making. Also, special thanks go to the Planning/EMIS team for their dedication in making this important publication possible every year.

.....
Sohna Foon Chore
Director PPARBD & HEAD of EMIS

STRUCTURE OF EDUCATION SYSTEM

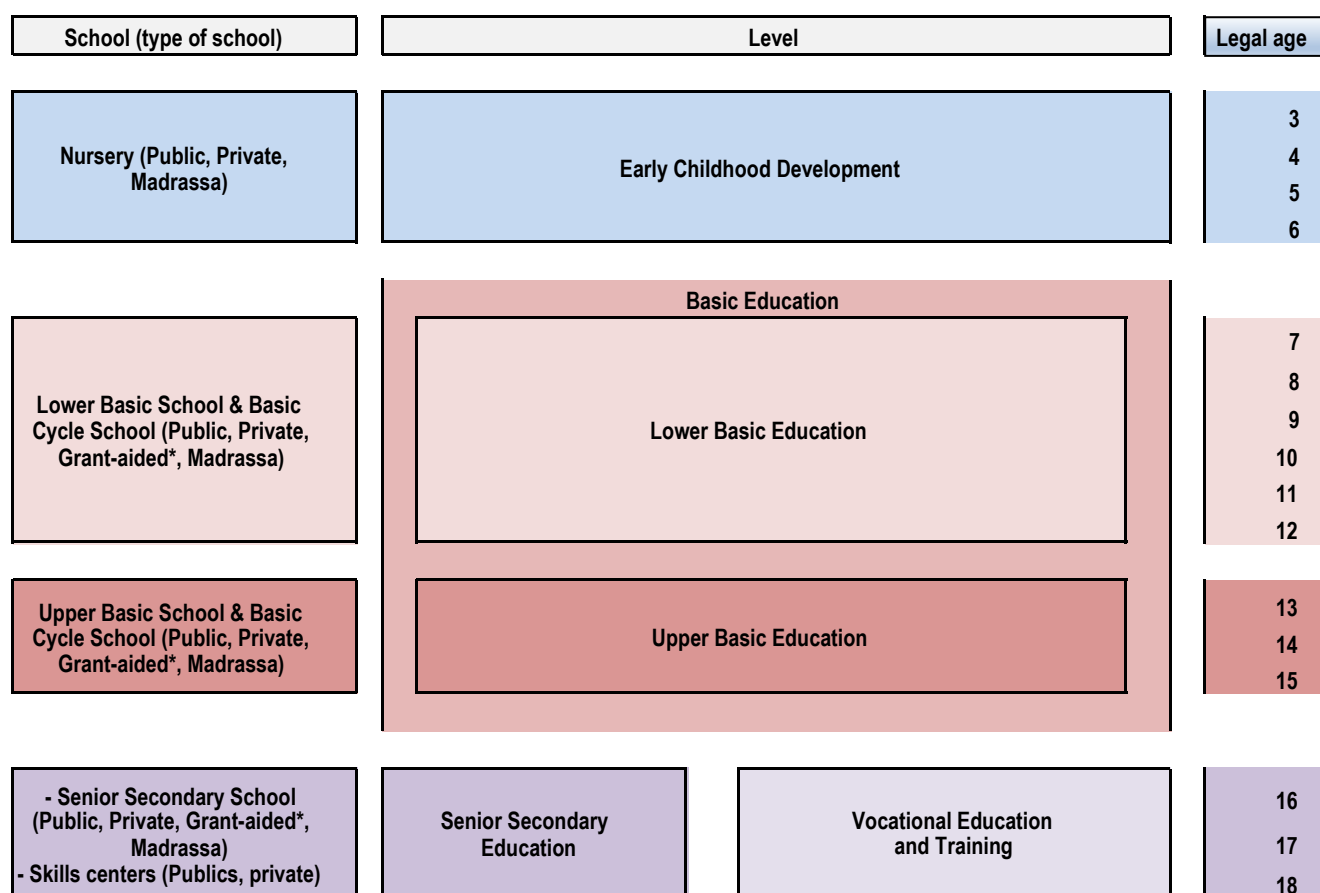

Figure 1 : Education System Structure - Source: CSR, 2010

Figure 1 depicts the structure of the Ministry of Basic and Secondary Education system in The Gambia is 3-6-3-3 that is; 3 years of Early Childhood and Development (Levels 1, to 3); 6 years of Lower Basic Education (Grades 1 to 6); 3 years of Upper Basic Education (Grades 7 to 9); 3 years of Senior Secondary Education (Grades 10 to 12). The official school attending age ranges from 3-6 for ECD, 7-12 for lower basic, 13-15 for upper secondary, 16-18 for senior secondary and 20-24 for university education.

National Assessment Test (NAT) for grades 3, 5, and 8 mandatory exams for all schools irrespective of ownership and management type is institutionalized to inform the education system on pupil's performance at the respective education levels. While there is no completion exam at the end of the lower basic education level, the Gambia Basic Examination Certificate Exam (GABECE) is a terminal exam which is also used for selecting students into the senior secondary school. The West Africa Senior Secondary Examination Certificate (WASSCE) marks the completion of the SSS and the results of the WASSCE is used for the selection of student for further higher and tertiary education as well as for certification.

METHODOLOGY

EMIS data is collected each November and indicative provisional figures are available in February and final figures in May. This is facilitated by designed questionnaires and tools for collecting data and processing statistics on education, which are accompanied by national and regional quality standards checks and compliance control at all stages of the statistical value chain.

For all DCC, ECD, LBE, UBE and SSE institution levels in, a questionnaire and a checklist of the variables is given to each school head on a 'Head Teachers Training Day' workshop conducted. This training session, delivered by Regional and Cluster Monitors with support from Planning Directorate EMIS staff. The training is designed to instruct head teachers on how to complete the questionnaire correctly, with a brief data feedback report provided to each school on the data analysed over the past year in the form of a one-page document that communicates aggregated statistics across national, regional, cluster, and school-level indicators.

Following the training, Cluster Monitors staff visit all schools to collect the questionnaires completed so far for a critical content quality control on the field. Provisional estimates are obtained from the completed questionnaires before entry into the centralized EMIS database. This data collection method has produced excellent coverage, as evidenced by response rates that have consistently exceeded 95% over the last 11 years that this report is covering.

Population-related indicators rely on data from the Gambia Bureau of Statistics (GBoS). Between censuses, projections are used to estimate population figures for years that fall in between. Although the 2024 GBoS census data is now available, it was found upon careful review the existence of discrepancies in certain single-age figures such as unexpected spikes or drops cannot be explained by normal demographic changes or migration. These inconsistencies are likely to distort key indicators like gross enrolment ratios and age-specific participation rates.

Thus, the raw data from the 2024 GBoS census cannot be used just yet for the 2024 / 2025 academic year data collection. A demographic data smoothing process is needed to correct these issues and produce a consistent age distribution. This ensures that population data is correct, stable and available for use in computing reliable indicators.

Until this process of correction and smoothing has been completed, and new projections are established, the report will continue to use the 2013 census as its basis. Once the adjusted 2024 data come in place, all population-related figures and indicators will be updated, and some numbers may change accordingly.

GLOSSARY

1. Gross Intake Rate (GIR)

Total number of new entrants in the first grade of pre-primary or primary education expressed as a percentage of the official school-entrance age population.

2. Gross Enrolment Ratio (GER)

Total number of pupils/students enrolled in a given level of education expressed as a percentage of the corresponding school-age population.

3. Net Enrolment Ratio (NER)

School age pupils/students enrolled in a given level of education expressed as a percentage of corresponding school-age population.

4. Gender Parity Index (GPI)

Ratio of females to males, that is, the number of females divided by males.

5. Pupil Teacher Ratio (PTR)

Average number of pupils per teacher in a given level of education.

6. Pupil to Qualified Teacher Ratio (PQTR)

Average number of pupils per qualified teacher in a given level of education.

7. Completion Rate (CR)

Number of pupils enrolled in a final grade of a given level of education expressed as percentage of school-age population of that grade.

8. Pupil per Textbook Ratio (PBR)

Average number of pupils per book.

9. Percentage of New Entrants into Grade One Schools with ECD Experience

New entrants into Grade One who have attended ECD expressed as percentage of all new entrants.

10. Proportion of Girls

Number of female students expressed as percentage of total number of students.

11. Percentage Distribution of Teaching Staff by qualification and Gender

Distribution of teachers by qualification expressed as percentage of all teachers.

LBE

Lower Basic Education

Chapter III: LBE - Lower Basic Education

Lower basic education is a six-year education cycle after Early Childhood Development Education. It is open to all children in the Gambia. The official entry age at this level is seven years. The lower basic education begins with grade one, on entry, and ends with grade six in the final year.

Senior Secondary Education

Chapter V: SSE – Senior Secondary Education

The senior secondary education has Grade 10, 11, and ends with Grade 12. Selection and enrollment in SSS for all categories (public and private) schools is made on the basis of the upper basic performance in the GABECE.

V.1 SSE - Summary Education Statistics, Historical Trend
