## PREFACE

It is with immense joy, pride, and unbounded optimism that I present the 2025/2026 Education Statistics, a powerful milestone in our collective journey toward transforming education in The Gambia! This comprehensive report is far more than a collection of numbers; it is the compass guiding our Education Sector Strategic Plan (2016–2030) and a testament to our relentless drive to deliver quality, inclusive, and world-class learning outcomes for every single Gambian child.

We stand at the threshold of a dynamic new era in Gambian education. As we align our actions with the Recovery-Focused National Development Plan (RF-NDP 2023–2027) and Sustainable Development Goal 4, the Ministry of Basic and Secondary Education is fully energized and ready to drive unprecedented change. We are firmly committed to ensuring that every learner regardless of gender, background, ability, or location is nurtured in a safe, supportive classroom and equipped with the foundational skills and knowledge needed to excel in a rapidly changing world.

Data is the spark that ignites meaningful progress. I call upon our Senior Management Team, the Local Education Group, dynamic school leaders, dedicated development partners, and the vibrant Gambian public to dive into these statistics with enthusiasm! Let us use these insights to innovate, elevate classroom standards, and craft evidence-based strategies that turn every child's potential into extraordinary achievement.

To our incredible school principals, headteachers, regional officers, and data champions across the nation: thank you! Your unwavering dedication on the ground provides the bedrock upon which our vision is built.

The future of The Gambia shines brighter than ever. Together, with united hearts and a shared determination, we will elevate our basic and secondary education system to new heights and ensure that no learner is left behind.

Thank you for your passion, your partnership, and your commitment to the prosperity of our youth and our nation!

Sincerely,

**Honourable Habibatou Drammeh, PhD**  
**Minister of Basic and Secondary Education**

## FORWARD

This 2026 edition of the Education Statistics report presents a comprehensive overview of the education landscape from Early Childhood Development to Senior Secondary School, spanning the years from 2022 to 2026. The data encompasses all educational institutions, both public and private, including Madrassahs, and provides insights into access, student participation, progression, completion rates, infrastructure, teaching and learning materials, and human resources.

This publication is the result of collaborative efforts among Headquarters Directorates, Regional Directorates, Development Partners, and Civil Society Organizations, demonstrating the robust monitoring and evaluation framework that underpins our education system. The Yearbook serves as the cornerstone for basic education statistics, informing research, policy analysis, planning, and decision-making.

A key objective of this document is to facilitate the comparison of data amongst regions, public versus private highlighting disparities in essential education indicators such as Gross Enrolment Rate (GER), Net Enrolment Rate (NER), and Completion Rate (CR). This analysis enables targeted interventions for the most vulnerable and underserved populations.

We trust that this publication will provide the government and all stakeholders with a deeper understanding of the multifaceted variables that influence education, complementing other data sources such as household surveys and related studies.

## INTRODUCTION

This marks the 13<sup>th</sup> edition of MoBSE statistical Yearbook, an annual publication that has been consistently released at the end of May each academic year since 2014. The EMIS team, in close collaboration with Head Teachers, Cluster Monitors, and Regional Education Officers, has worked diligently to compile the data presented in this report. All information is gathered and processed in line with both national and international standards. The preparation process includes the use of customized data collection tools, thorough checks for consistency, and internal reviews before this final release. Population data and projections from GBoS are also used to compute some indicators to strengthen the report's accuracy and relevancy.

This update provides a clearer picture of education trends in each region and highlights the unique characteristics of every area. As a result, the publication accommodates detailed and comprehensive data.

The Yearbook opens with five introductory sections: a Preface by the Honourable Minister, a Foreword from the Permanent Secretary, an overview of the Structure of the Education System, a description of the Methodology used, and a Glossary of commonly used terms. The main content is organized into five sections covering Early Childhood Care and Development, Early Childhood Education, Lower Basic Education, Upper Basic Education, and Senior Secondary Education. The full report is available online at: <http://www.edugambia.gm/data-area/publications/year-book-2026.html>.

To ensure wide accessibility, we share this report through various channels, including the Ministry's website and email distribution lists such as the CCM mailing list. We value your feedback and invite you to send any comments or suggestions for improving future editions of the Yearbook to: [info.emis@edugambia.gm](mailto:info.emis@edugambia.gm).

We sincerely thank the management and entire staff of the Ministry of Basic and Secondary Education, especially the senior management leadership for the dedicated support to ensure sector data availability for evidence-based Planning and Decision making. Also, special thanks go to the Planning/EMIS team for their dedication in making this important publication possible every year.

## STRUCTURE OF EDUCATION SYSTEM

*Figure 1 : Education System Structure - Source: CSR, 2010*

Figure 1 depicts the structure of the Ministry of Basic and Secondary Education system in The Gambia is 3-6-3-3 that is; 3 years of Early Childhood and Development (Levels 1, to 3); 6 years of Lower Basic Education (Grades 1 to 6); 3 years of Upper Basic Education (Grades 7 to 9); 3 years of Senior Secondary Education (Grades 10 to 12). The official school attending age ranges from 3-6 for ECD, 7-12 for lower basic, 13-15 for upper secondary, 16-18 for senior secondary and 20-24 for university education.

National Assessment Test (NAT) for grades 3, 5, and 8 mandatory exams for all schools irrespective of ownership and management type is institutionalized to inform the education system on pupil's performance at the respective education levels. While there is no completion exam at the end of the lower basic education level, the Gambia Basic Examination Certificate Exam (GABECE) is a terminal exam which is also used for selecting students into the senior secondary school. The West Africa Senior Secondary Examination Certificate (WASSCE) marks the completion of the SSS and the results of the WASSCE is used for the selection of student for further higher and tertiary education as well as for certification.

## METHODOLOGY

EMIS data is collected annually in November, indicative *Provisional Figures* release in February and *Final Figure* published in May. Using specifically designed data collection questionnaires for acquiring and processing education statistics underpinned by national and regional quality standards that are subjected to audits and compliancy monitoring along the statistical value chain. Based on the *School List* for all established educational institutions; ECD, LBS, UBS and SSS a questionnaire accompanied by a set of completion guidelines is provided to each school Head during a '*Head Teachers Training Day*' workshop where selected Planning Directorate staff facilitate the training session with the main objective to orient the Head Teachers to successfully complete the questionnaire. The training session was used as a medium to feedback to school and centre heads a summary of analysed data of the previous year data - a single page depicting aggregated statistics by national, regional, cluster and school levels indicators was given to each head.

Following the training, Planning Directorate staff visit every school and collect the questionnaire as well as perform a critical quality task of verifying the content of the questionnaire at the school grounds. The Provisional Figures are derived from the inventory of the questionnaires before they are submitted for *Data Entry* into the EMIS database.

### Data Entry and Quality Checks

With this data collection strategy, the *coverage* has been unprecedented and the Response *Rate* surpassed 95% consecutively for the combined 8 years in this publication. Data Entry Database which integrated essential quality controls using the previous years' data as reference point. Population figures are obtained from the Gambia Bureau of Statistics (GBoS) 2003 Census data Projections, which covered up to year 2020. As population figures above the year 2020 are not yet available due to delays on finalizing the 2013 census data projections, the 2022 population figures were computed internally by the EMIS team by applying the latest projections growth rates by age between 2019 and 2020.

As soon as the 2013 census data projection is finalized and available, the population figures used in this report will be updated, as a result all the population-related indicators might be subject to change.
