PREFACE

The Ministry of Basic and Secondary Education is proud to present the 2023/2024 Education Statistics, a key component of our ongoing commitment to monitoring and evaluating the progress of the Education Sector Strategic Plan 2016-2030. This comprehensive report provides detailed insights into the current state of education, serving as a valuable resource for evidence-based planning and policymaking.

These statistics will be instrumental in tracking our progress towards achieving the educational goals outlined in the Recovery Focus National Development Plan (NDP) 2023-2027, the Continental Education Strategy for Africa 2016-25, and SDG4.

We encourage all stakeholders, including the Ministry's Senior Management Team, the Local Education Group, School Leaders, Development Partners, and the public, to utilize this data to inform their work and contribute to strengthening our education system.

I extend my deepest appreciation to all those who have contributed to the development of this publication.

Sincerely,

Honourable Ms. Haddy Jatou Sey
Minister for Basic and Secondary Education

FORWARD

This 2024 edition of the Education Statistics report presents a comprehensive overview of the education landscape from Early Childhood Development to Senior Secondary School, spanning the decade from 2014 to 2024. The data encompasses all educational institutions, both public and private, including Madrassahs, and provides insights into access, student participation, progression, completion rates, infrastructure, teaching and learning materials, and human resources.

This publication is the result of collaborative efforts among Headquarter Directorates, Regional Directorates, Development Partners, and Civil Society Organizations, demonstrating the robust monitoring and evaluation framework that underpins our education system. The Yearbook serves as the cornerstone for basic education statistics, informing research, policy analysis, planning, and decision-making.

A key objective of this document is to facilitate the comparison of data across districts and regions, highlighting disparities in essential education indicators such as Gross Enrolment Rate (GER), Net Enrolment Rate (NER), and Completion Rate (CR). This analysis enables targeted interventions for the most vulnerable and underserved populations.

We trust that this publication will provide the government and all stakeholders with a deeper understanding of the multifaceted variables that influence education, complementing other data sources such as household surveys and related studies.

.....
Louis Moses Mendy
Permanent Secretary

INTRODUCTION

This is the 11th Edition of the Ministry's Yearbook, a publication that has consistently been released at the end of May each academic year since 2014. The EMIS team, in close collaboration with Head Teachers, Cluster Monitors, and Regional Education Officers, has worked diligently to compile this data in accordance with national and international norms and standards. Our rigorous process involves the development of specialized tools, thorough consistency checks, and internal reviews before dissemination. Population figures and projections from the Gambia Bureau of Statistics (GBoS) are also integrated to enhance the accuracy and comprehensiveness of the report.

This edition introduces a significant enhancement to the Yearbook: the data is now disaggregated to reflect the recent expansion of the Regional Education demarcation from six to eight regions. This change allows for a more detailed analysis of educational trends across the country, showcasing each region's unique data profile. As a result, the volume of this publication has increased to accommodate the richer and more granular information.

The publication comprises five introductory sections: a Preface by the Honourable Minister of Education, a Forward by the Director of Planning, an overview of the Structure of the Education System, a description of the Methodology, and a Glossary of commonly used terms. The subsequent five sections present detailed data on Early Childhood Care and Development, Early Childhood Education, Lower Basic Education, Upper Basic Education, and Secondary Education. The full publication can be accessed online at <http://www.edugambia.gm/data-area/publications/year-book-2024.html>.

We strive to disseminate this information in various formats, including publication on the Ministry's website and distribution through channels such as the CCM email list. We welcome your feedback and encourage you to share any comments or suggestions for improving future editions of the Yearbook. Please send your input to info.emis@edugambia.gm.

We extend our sincere gratitude to the management team and the entire staff of MoBSE, particularly the planning team, for their unwavering commitment and support in producing this vital resource.

Sohna Foon Chore
Director PPARBD

Alpha Bah
Director SQAD & HEAD of EMIS

STRUCTURE OF EDUCATION SYSTEM

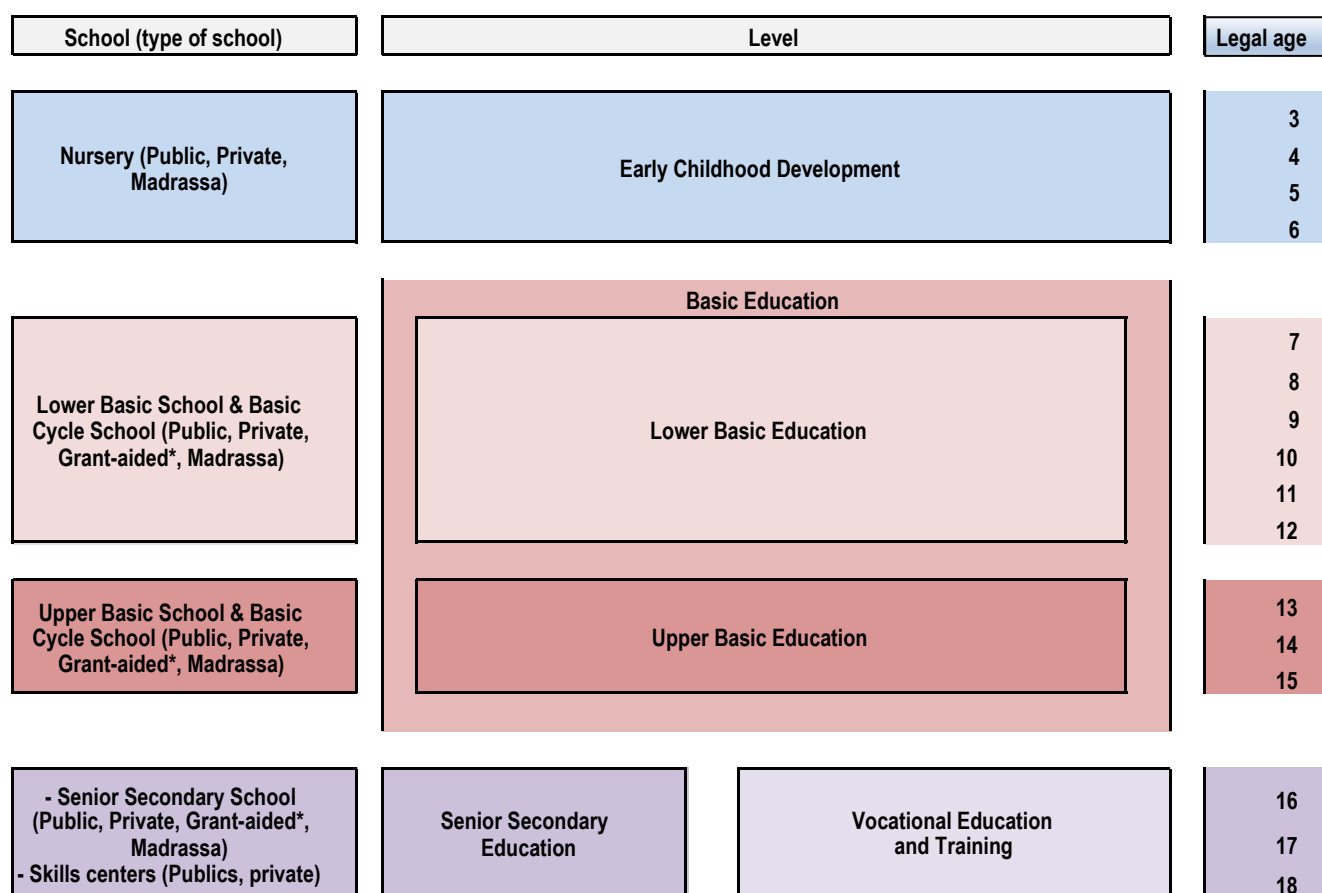

Figure 1 : Education System Structure - Source: CSR, 2010

Figure 1 depicts the structure of the Ministry of Basic and Secondary Education system in The Gambia is 3-6-3-3 that is; 3 years of Early Childhood and Development (Levels 1, to 3); 6 years of Lower Basic Education (Grades 1 to 6); 3 years of Upper Basic Education (Grades 7 to 9); 3 years of Senior Secondary Education (Grades 10 to 12). The official school attending age ranges from 3-6 for ECD, 7-12 for lower basic, 13-15 for upper secondary, 16-18 for senior secondary and 20-24 for university education.

National Assessment Test (NAT) for grades 3, 5, and 8 mandatory exams for all schools irrespective of ownership and management type is institutionalized to inform the education system on pupil's performance at the respective education levels. While there is no completion exam at the end of the lower basic education level, the Gambia Basic Examination Certificate Exam (GABECE) is a terminal exam which is also used for selecting students into the senior secondary school. The West Africa Senior Secondary Examination Certificate (WASSCE) marks the completion of the SSS and the results of the WASSCE is used for the selection of student for further higher and tertiary education as well as for certification.

METHODOLOGY

EMIS data is collected annually in November, indicative *Provisional Figures* release in February and *Final Figure* published in May. Using specifically designed data collection questionnaires for acquiring and processing education statistics underpinned by national and regional quality standards that are subjected to audits and compliancy monitoring along the statistical value chain. Based on the *School List* for all established educational institutions; ECD, LBS, UBS and SSS a questionnaire accompanied by a set of completion guidelines is provided to each school Head during a '*Head Teachers Training Day*' workshop where selected Planning Directorate staff facilitate the training session with the main objective to orient the Head Teachers to successfully complete the questionnaire. The training session was used as a medium to feedback to school and centre heads a summary of analysed data of the previous year data - a single page depicting aggregated statistics by national, regional, cluster and school levels indicators was given to each head.

Following the training, Planning Directorate staff visit every school and collect the questionnaire as well as perform a critical quality task of verifying the content of the questionnaire at the school grounds. The Provisional Figures are derived from the inventory of the questionnaires before they are submitted for *Data Entry* into the EMIS database.

Data Entry and Quality Checks

With this data collection strategy, the *coverage* has been unprecedented and the Response *Rate* surpassed 95% consecutively for the combined 8 years in this publication. Data Entry Database which integrated essential quality controls using the previous years' data as reference point. Population figures are obtained from the Gambia Bureau of Statistics (GBoS) 2003 Census data Projections, which covered up to year 2020. As population figures above the year 2020 are not yet available due to delays on finalizing the 2013 census data projections, the 2022 population figures were computed internally by the EMIS team by applying the latest projections growth rates by age between 2019 and 2020.

As soon as the 2013 census data projection is finalized and available, the population figures used in this report will be updated, as a result all the population-related indicators might be subject to change.

GLOSSARY

1. Gross Intake Rate (GIR)

Total number of new entrants in the first grade of pre-primary or primary education expressed as a percentage of the official school-entrance age population.

2. Gross Enrolment Ratio (GER)

Total number of pupils/students enrolled in a given level of education expressed as a percentage of the corresponding school-age population.

3. Net Enrolment Ratio (NER)

School age pupils/students enrolled in a given level of education expressed as a percentage of corresponding school-age population.

4. Gender Parity Index (GPI)

Ratio of females to males, that is, the number of females divided by males.

5. Pupil Teacher Ratio (PTR)

Average number of pupils per teacher in a given level of education.

6. Pupil to Qualified Teacher Ratio (PQTR)

Average number of pupils per qualified teacher in a given level of education.

7. Completion Rate (CR)

Number of pupils enrolled in a final grade of a given level of education expressed as percentage of school-age population of that grade.

8. Pupil per Text Book Ratio (PBR)

Average number of pupils per book.

9. Percentage of New Entrants into Grade One Schools with ECD Experience

New entrants into Grade One who have attended ECD expressed as percentage of all new entrants.

10. Proportion of Girls

Number of female students expressed as percentage of total number of students.

11. Percentage Distribution of Teaching Staff by qualification and Gender

Distribution of teachers by qualification expressed as percentage of all teachers.

Lower Basic Education

Chapter III: LBE - Lower Basic Education

Lower basic education is a six-year education cycle after Early Childhood Development Education. It is open to all children in the Gambia. The official entry age at this level is seven years. The lower basic education begins with grade one, on entry, and ends with grade six in the final year.

Senior Secondary Education

Chapter V: SSE – Senior Secondary Education

The senior secondary education has Grade 10, 11, and ends with Grade 12. Selection and enrollment in SSS for all categories (public and private) schools is made on the basis of the upper basic performance in the GABECE.

V.1 SSE - Summary Education Statistics, Historical Trend
